- Arabic Native

MOUSSA EL LAKKI

iOS Developer

Skilled mobile application developer specializing in iOS. I started my career by learning programming at Folkuniversitetet in 2019.

Since I started learning mobile development. I have developed and released three apps to the App Store and Google Play. My portfolio showcases my work.

I am a quick learner and also a team player who loves writing code that is easy to read and manage. I also have good problem-solving skills, troubleshooting, and time management abilities.
